Audience Review

"This is not your ordinary bar band. Each person is great at what they do, but when they come together it's magical. I wanted more and didn't want them to stop."

Event Organizers

Johnny Slide Band

We've performed in a variety of venues both indoors and outdoors and are adaptable to any situation.

Our band is flexible and has the ability to work with event organizers to provide any backline that may be necessary such as a PA, soundboard, and microphones.

We also recognize that every municipality has a specific budget for their events and will meet any agreements made and fill out all necessary tax forms.

A little more about us...

Johnny Slide originated as a duo band between trombonist Jonathan Episcopo and Bassist Same Old Joe. Performing Thursday nights at Human Village Brewing Company's open mics, the two produced original jams fusing old school punk with new school funk.

Upon meeting guitarist Matt Kyle and drummer Nate Whyte, a make shift band was formed covering songs ranging from bands such as Chicago, The Doors and Santana.

After receiving numerous positive comments from patrons, the group formed what is now known as the Johnny Slide Band.
